

GOOGLE CLASSROOM ON XBOX AND PLAYSTATION

On Xbox, open Microsoft Edge.
The icon looks like this...

On Playstation, open the “www”
browser. The icon looks like this...

Your child will probably know how to find the browsers on their consoles, but if not, each one has a search function they can access on the home screen.

Once the browser has been opened:

- Type classroom.google.com into the URL bar
- A prompt for a Google account will appear. Type in your school email (e.g. JohnSmith@ocpij.co.uk) and password
- The Classroom home screen will open up and you can access classroom like on a laptop or tablet

If students have a keyboard they can plug in to one of the USB ports on the device they will have a much easier time with navigation. Otherwise, they can use their controllers to click on the classroom files, open up assignments, and type.

Google Classroom or any other online learning tool works with the Xbox One, Xbox Series S, Xbox Series X, PlayStation 4, PS4 Pro or PS5 and a USB keyboard.
